

About the **trutex** range

Our brand name comes from the English word 'true', which means; real, genuine, faithful, loyal, accurate and in alignment. **tru** represents the very best you can get in quality, service, delivery and performance.

We have listened to your requirements, so **trutex** aligns perfectly to your needs.

About **Tullis Russell Coaters**

Tullis Russell Coaters is an independent, leading international coating company and is part of the Tullis Russell Group. Together we have been specialists in the papermaking and paper coating industry for over two centuries.

Our extensive product range includes specialist decal and textile transfer papers, security papers and a speciality resource for developing solutions for any challenges customers have for us.

We pride ourselves in our excellent customer service and have customers in over 120 countries throughout the world.

Our Commitment to the Environment

We take our corporate, social responsibility extremely seriously and the environment is at the forefront of our considerations when developing new products or processes.

- Our environmental management system is accredited to ISO 14001
- We have environmental targets for energy, waste, water and legal compliance
- We are committed to reduce, reuse and recycle all waste
- Our textile products are all free from formaldehyde, alkyphenol ethoxylates, PVC and phthalates
- We are accredited to the FSC chain of custody

Further Information

For each of our papers:

Texitran CP **Texitran HS** **Texitran ECO** **Texitran DS**

We have produced a leaflet which gives you further information and all the technical and ordering information you need.

We have also published some simple guides on getting the most from our **trutex** range of papers:

- Better printing – how to transfer print effectively
- Inks, additives and adhesives – the best ones to use
- Troubleshooting – what to do if you have any problems while printing

All this can be found at www.trutex.com

Texitran HS

trutex papers from Tullis Russell Coaters

NEW improved papers

Texitran HS

textile transfer papers from Tullis Russell Coaters.

What is it for?

Texitran HS is a range of lightweight, specialist papers for high quality decoration – designed for screen printing using plastisol ink systems and powdered adhesives. Texitran HS customisations are available to meet your specific requirements.

It is ideal for designs with a matt finish, such as T-shirts, care labels and socks but can also be used on synthetic fibre materials such as those used for workwear and sportswear.

Features

- A specialist coated paper designed for screen printing
- Compatible with plastisol ink systems
- Compatible with powdered adhesives*
- Excellent dimensional stability
- Coated on one side and precision sheeted
- Clean release
- Allows inks to be both hot and cold peeled
- Matt finish

Benefits

- Reduced waste – ease of handling
- Ease of release
- Matt applied ink finish
- Resistant to ageing
- Sharper images and brighter colours
- Minimum ink set off
- Consistency of shape and stability

Compatible inks

Plastisol inks

Powdered Adhesives*

Polyester, polyamide, polyurethane
